EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jack Pate on 6/8/06.

The amendment to the claims filed on 5/22/06 after the final rejection has been entered. The following examiner's amendment pertains to the claims entered 5/22/06.

The application has been amended as follows:

1. Claim 31 line 7, "positioning a support to directly and continuously contact" has been amended to read, - positioning a support on the underside of the cargo hold to directly and continuously contact- -.
2. Claim 41, line 4, "positioning a support to directly and continuously contact" has been amended to read, - positioning a support on the underside of the cargo hold to directly and continuously contact- -.
3. Claim 50, line 8, "positioning a support to directly and continuously contact" has been amended to read, - positioning a support on the underside of the cargo hold to directly and continuously contact- -.

The following is an examiner's statement of reasons for allowance:

The prior art teaches supports which contact either a side of the cargo hold or the wheels of the vehicle but not supports which continuously contact the bottom of the cargo hold to remove a load from the

wheels of the vehicle. Prior art supports that contact the bottom of the cargo hold are vibratory for dumping assistance and therefore can not reasonably interpreted as continuous for unloading the wheels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles N. Greenhut whose telephone number is (571) 272-1517. The examiner can normally be reached on 6:30am - 3:00pm EST.
